- You are a Social Secretary for a prominent member of Antebellum Society. Your task is to plan the guest list and seating arrangement of the guests. You will choose fifteen guests from the list below to seat at a dinner party.
- Assign each guest a seat in the diagram.
- Consider as you choose:
Why might you place certain people next to one another? Why would you place certain people away from one another? Did you identify any possible conflicts? Anything the guests might have in common?
- Then, you will explain your choice by answering the prompts for each guest in the seating arrangement.
